

MITESH BHARVAD

Anand, Gujarat | miteshbharvad733@gmail.com | +91 90816 11867 | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Front-End Development intern candidate with hands-on experience building responsive, pixel-perfect, and user-centric web interfaces using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS. Skilled at translating design references, wireframes, and requirements into clean, reusable UI components while maintaining layout consistency, spacing, and cross-device responsiveness. Comfortable integrating REST APIs and collaborating closely with backend teams to ship features in real-world MERN stack applications. Quick learner with a creative mindset, strong attention to detail, and a passion for polished, professional UI/UX.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Responsive & Mobile-First Design

UI/UX & Design: Pixel-Perfect Layouts, Design Consistency, Reusable Components, Basic UI/UX Principles

Backend & APIs: Node.js, Express.js, REST API Integration

Database: MongoDB, MySQL

Tools & Deployment: Git, GitHub, VS Code, Vercel, AI-Assisted Development

Programming: C, C++, Python

WORK EXPERIENCE

Front-End Developer Intern · Jinarth Infotech

Dec 2025 – Apr 2026 | Anand

- Built and shipped 10+ responsive, pixel-perfect web pages and reusable React.js UI components, reducing UI development time by 30%.
- Engineered accessible, mobile-first layouts with Tailwind CSS, ensuring consistent spacing, alignment, and design across mobile, tablet, and desktop screens.
- Collaborated with senior developers to convert requirements and design references into polished frontend screens, incorporating feedback quickly and accurately.
- Leveraged AI coding assistants to accelerate feature delivery and streamline code review cycles.

MERN Stack Intern · BrainyBeam Technologies Pvt. Ltd.

May 2025 – Jun 2025 | Ahmedabad

- Built the frontend for a full-featured mini e-commerce application in React.js, integrating REST APIs with a Node.js, Express and MongoDB backend.
- Implemented user authentication, cart functionality, and dynamic UI states using React hooks and state management.
- Maintained version control via GitHub, enabling efficient team collaboration and a clean deployment workflow.

PROJECTS

Placement Management System [GitHub](#)

React.js, Node.js, Express, MongoDB

- Architected role-based, responsive dashboards for admin, students, and companies, supporting full placement lifecycle management.
- Built job posting and application-tracking UI modules with real-time API updates.
- Reduced page load time by optimizing React component structure and API call efficiency.

Portfolio Website [Live](#) | [GitHub](#)

React.js, Tailwind CSS, JavaScript

- Designed and developed a fully responsive personal portfolio with pixel-perfect layouts to showcase projects and skills to recruiters.
- Built reusable, animated UI components and smooth section transitions to improve visual polish and engagement.
- Deployed and hosted on Vercel with automatic updates on every GitHub push.

My Homies – Flat Finder [GitHub](#)

React.js, Node.js, MongoDB, Tailwind CSS

- Developed a responsive housing/roommate finder UI with dynamic search, filter, and listing management features.
- Implemented JWT-based authentication and protected routes for secure access control.
- Improved UX performance using React hooks (useMemo, useCallback) for optimized rendering.

EDUCATION

B.Tech – Information Technology · MBIT, CVM University

2022 – 2026 | CGPA: 8.66 / 10

Higher Secondary (CBSE) · Jawahar Navodaya Vidyalaya, Kheda

2022 | 75.80%

Secondary School (CBSE) · Jawahar Navodaya Vidyalaya, Kheda

2020 | 75.40%
